

Expansions & Renovations

McNeill Hotel Company Upgrades Home2 Suites by Hilton Destin and Home2 Suites by Hilton Gainesville Medical Center

McNeill Hotel Company today announced renovations for two managed properties in Florida, its Home2 Suites by Hilton Destin and its Home2 Suites by Hilton Gainesville Medical Center. McNeill Hotel Company President Travis Murray announced the property improvement program.

Renovations are already completed at the Home2 Suites Destin, at 14060 Emerald Coast Parkway, which is nearby public beaches and recreational attractions; and renovations are currently underway at Home2 Suites Gainesville Medical Center, which at 2115 SW 13th Street is two miles from the University of Florida campus and five minutes from UF Health Shands Hospital, Malcom Randall VA Medical Center and UF Veterinary Hospital.

Funded with previously reserved funds, the upgrades focus on refreshing the carpet, paint, vinyl, and soft seating in the guestrooms. The Home2 Suites Gainesville will also add four rooms to its total inventory.

"Extended stay properties continue to perform well across our portfolio, including in these traditionally strong Florida markets," Murray said. "As a property manager, we understand the importance of maintaining brand standards and keeping properties fresh and inviting. Renovation programs like this enhance the guest experience and promote longer-term asset value for owners and investors."
